## INTRO

**Bm G D (x2)**

## VERSE 1

**Bm** **G** **D**  
When bright day turns to darkest night  
**Bm** **G** **D**  
And pain springs forth from deep delight  
**Bm** **G** **D**  
Though I war a stronger enemy  
**A** **G** **D**  
Still your word secures my victory  
**A** **Bm** **G**  
Oh your word secures my victory

## VERSE 2

And when pain's deep in the offering  
And my heavy heart's no song to sing  
When your voice is silence, mystery  
This stable hope is clarity  
Oh this stable hope remains for me

## CHORUS 1

**A**  
That You have overcome  
**Bm** **G**  
You have overcome

## VERSE 3

When I dance for joy in city streets  
And abiding comfort is my feast  
May my head, my heart, my soul still bow  
For You alone pour blessing out  
For You alone pour blessing out

## CHORUS 2

And I am overcome  
I am overcome
